## Exhibit 1

### V. WALTER BRATIC

<b>Position</b>	Vice President CRA International, Inc. 1600 Smith Street, Suite 4900 Houston, Texas 77002 Direct Dial: 713-332-0630 Facsimile: 713-332-0661 Email: <a href="mailto:wbratic@crai.com">wbratic@crai.com</a>
<b>Education</b>	B.A., University of Pennsylvania. Phi Beta Kappa; Summa Cum Laude  M.B.A., Wharton Graduate School, University of Pennsylvania.
<b>Certifications and Professional Affiliations</b>	Certified Public Accountant, State of Texas, 1981  Certified Fraud Examiner, 1991  American Institute of Business Appraisers  American Society of Appraisers  American Institute of Certified Public Accountants  Texas Society of Certified Public Accountants  Houston Chapter, Texas Society of Certified Public Accountants  Chairperson, U.S. Licensing Executive Society International Committee  Intellectual Property Organization – Patent Misuse Committee  United Nations/Economic Commission for Europe – Group of Experts on Enforcing Intellectual Property Rights for the Commonwealth of Independent States  Editorial Board of the <u>Journal of Commercial Biotechnology</u> , London, England  Editorial Board of <u>Managing Intellectual Property</u>  Lecturer on trade marks and trade secrets at University of Houston Law School 2001-2005"  Lecturer on financial reporting, cost accounting and management accounting topics.

**V. Walter Bratic**  
**Page 2**

**Civic and  
Community  
Activities**

Board of Directors of FHA Holdings, Inc.

Harris County Education Association Board of Directors

Board of Trustees of Houston Grand Opera

Houston Symphony Board of Directors

Selected as one of "Five Outstanding Young Houstonians" in 1991 by the Houston Chamber of Commerce and Houston Junior Chamber of Commerce

**Professional and  
Business History**

Partner, PricewaterhouseCoopers LLP, 1998 to 1999

Partner Price Waterhouse LLP, 1989 to 1998

Global Director – Intellectual Property Services for the Financial Advisory Services Practice, 1998 to 1999

U.S. / European Director – Intellectual Property Services for the Corporate Finance Reorganization and Disputes Practice, 1996-1998

Price Waterhouse, Senior Manager, 1985 to 1989

Manager, 1983 to 1985; Senior Consultant, 1983

Advanced Energy Supply Company, Treasurer, 1981 to 1983

Arthur Andersen, 1980 to 1981

Ernst & Whinney, 1978 to 1979

**Range of Industry  
Experience**

Industry experience includes:

- aviation
- agriculture
- automotive
- biotechnology
- broadcasting/media
- chemicals
- commercial real estate
- computer software and hardware
- construction
- consumer products
- electronic commerce
- entertainment & hospitality
- financial institutions
- consumer & commercial financial institutions
- health care and life sciences
- high technology
- insurance
- leasing
- manufacturing
- medical devices
- mining
- oil & gas
- pharmaceuticals
- publishing
- retailing & wholesaling
- software
- telecommunications
- transportation & distribution

**V. Walter Bratic**  
**Page 3**

**Examples of  
Business Experience**

Intellectual Property

Extensive experience in a variety of intellectual property issues involving patents, trademarks, trade dress, copyrights, trade secrets and know how. Have worked on assignments relating to strategic management, licensing, litigation and competition issues related to IP matters.

Testified in federal and state court, ITC, AAA, IAA and ICC matters Involving a broad range of IP related damages issues, including lost profits, reasonable royalties, price erosion, anti-trust and related topics. Subject matter has involved patents, trademarks and trade dress, copyrights and trade secrets. Testified regarding competition issues and the impact of the form and structure of patent license terms on technology innovation. Testified regarding product and geographical market definition related to patent and antitrust damages. Served as court appointed expert, examiner and consultant in federal and state court proceedings.

Conducted extensive studies in strategic management of intellectual property for corporate clients including multinational, international, joint ventures, and start-up and development stage companies. Work performed included research and analysis regarding industry dynamics and IP management practices and evaluation of corporate IP strategies relating to invention/innovation cycles, license-in/license-out policies, buy/sell strategies, portfolio optimization, license enforcement and overall offensive and defensive IP strategies.

Negotiated licenses and assisted clients in license negotiations and technology transfer projects. Determined appropriate compensation package, including royalty payments, based on the proposed structure and terms of the license agreement for the subject technology. Performed empirical studies associated with the subject technology's financial performance, industry practices and investment strategies. Reviewed and analyzed the terms and conditions of several thousand license agreements. Performed royalty compliance audits.

Conducted auction process for assignment of IP portfolios. Work included valuation of IP assets, identification of potential acquirers, preparation of IP offering circular and managing the auction process to completion.

Analyzed and studied various industry standard setting bodies, practices and related license issues affecting standards adoption and innovation. Analyzed technology adoption and commercialization trends in the context of standard setting and patent pools.

Industry focus has included, among others, energy, software and operating systems, semiconductors, life and health sciences (pharmaceutical, biotechnology, medical devices/procedures), semiconductors, high-end and consumer electronics, chemicals, computers, telecommunications, and e-commerce.

Analyzed and traced R&D spending and other contributions made by parties to the development of inventions in a variety of industries including biotech and pharma, semiconductors, and consumer and electronics.

**V. Walter Bratic**  
**Page 4**

**Examples of  
Business Experience  
Continued**

**Medical Devices/Procedures**

Involved in licensing, valuation and litigation related to patents, trademarks and trade secrets relating to medical devices and procedures and surgical supplies and medical equipment.

**Bio/Pharma**

Involved in numerous projects in the pharmaceutical and biotech industry relating to valuation, licensing, calculation of lost profits and reasonable royalties, and co-development and co-marketing agreements. These projects have involved ethical and generic drugs in various stages of FDA clinical trials. Involved in FTC proceedings relating to Hatch-waxman and ANDA filings.

Involved in numerous valuation and licensing issues related to the pharmaceutical and biotech industries. Performed valuations of drugs in Phase I, II and III clinical trials. Also engaged in licensing related to pharmaceuticals (domestically and overseas). Valued pharmaceutical products and companies. Engaged in negotiations related to ethical and generic products. Performed studies of the impact of FDA clinical trials on valuation of drugs.

Examples of biotech / pharma and related subject matters:

- advanced macular degeneration
- allergic rhinitis
- asthma antigen
- blood clotting
- cholesterol reduction
- coronary heart disease
- genetically modified crops
- genomic mapping
- hereditary emphysema
- human growth hormone
- human insulin
- immuno-toxins / immuno-therapy
- macular degeneration
- oncology
- otitis media
- receptors / inhibitors
- stroke / brain injury
- tissue plasminogen activators
- tissue regeneration

**Broadcast Media/Data Storage**

Involved in Broadcast Rights Relating to radio, TV, cable, satellite, and internet content. Rights have included sports, news, education programming relating to professional development and career training.

Involved in IP projects relating to valuation and licensing of technology relating to broadcast distribution such as internet, digital satellite and terrestrial cable related to hardware and software technology for access to distributed content.

Analyzed and valued network and data storage and transmission hardware and software solutions including internet, Ethernet and extranet data storage and transmission.

**Semiconductors**

Performed extensive analyses and valuation of various aspects of semiconductor technology and semiconductor manufacturing, cleaning and inspection equipment. Analyzed several thousand semiconductor industry licenses regarding term and structure of such licenses and changes in licensing practices in the semiconductor industry. Served as

**V. Walter Bratic**  
**Page 5**

**Examples of  
Business Experience  
Continued**

expert and consultant on semiconductor industry licensing practices. Studied evolution and changes in technology, manufacturing and distribution of semiconductors as well as changes in industry capacity. Analyzed commodity and niche chip products, analyzed chipset, module, and motherboard interfaces, packaging including wireless and other configurations to enable data usage, transfer and storage.

**Software**

Served as court appointed expert appraiser to value proprietary software. Performed analyses relating to patent and copyright software issues for a variety of software and hardware related applications. Performed analyses relating to design specifications for hardware and software applications platforms and systems architecture involving industry specific applications. Analyzed and negotiated software licenses for numerous applications. Performed reverse engineering studies and COCOMO analysis for software applications. Performed studies relating to e-commerce including hardware and software platforms. Analyzed and valued software relating to mainframe data storage, compression and compartmentalization.

Involved in and performed studies of IT systems including requirements definition studies, selection of hardware and software specifications and system implementation and conversion. Also performed studies of the economics associated with the impact of IT systems on operational and financial performance of the subject company.

Engaged in various projects relating to valuation and licensing of aeronautics and aviation technology, including avionics, propulsion systems, landing gear and instrumentation systems; analyzed the construction, modification and maintenance sectors of the aviation industry.

**Telecommunications**

Analyzed the landline and cellular provider and resale agreements including 800 SDN services and master agency agreements.

Performed numerous reviews and analyses of the telecommunications industry. Work performed included studies of wire line and wireless communications systems, including hardware, architecture, administration and related software. Regarding wireless systems, have reviewed and analyzed the adoption of various protocol standards in the U.S., Europe and Japan. Also analyzed data and voice transfer, routing, switching and networking systems, including hardware, architecture, administration and related software required to run such systems. Studied industry dynamics including telecommunications segment market shares by equipment manufacturer, investment rates, profitability and market transactions. Analyzed numerous licenses in the telecom industry. Valued telecom technology and negotiated licenses.

**Trademark/Lanham Act/Copyright**

Performed studies of trademark licensing practices and valued trademarks (and portfolios) related to consumer marks including electronics, food, products, services and apparel and industrial products and financial services. Testified regarding various trademark and Lanham Act matters. Assisted clients in negotiating purchase/sale transactions related to

**V. Walter Bratic**  
**Page 6**

**Examples of  
Business Experience  
Continued**

trademark portfolios including conducting competitive and complimentary trademark licensing and positioning studies as well as valuation of comparable marks. Performed strategies assessment of trademark portfolio maintenance practices and licensing out strategies.

Performed studies of corrective advertising and disgorgement of profits and other (FTC) measures of damages relating to trademark and traddress infringement under the Lanham Act. Trademarks analyzed have included consumer and industrial products and services including consumer electronics as well as financial sector and information technology products and services. Analyzed trademark licenses and transactions involving sales of various marks. Also evaluated damages associated with false advertising, false designation of origin and unfair competition claims. Performed analyses relating to customer confusion, corrective advertising and unfair trade practices.

Performed valuation of copyright portfolios involving software, data management, manuals, process and procedures.

**Other IP Matters**

Involved in and performed studies of IT systems including requirements definition studies, selection of data communication hardware and software specifications and system implementation and conversion. Also performed studies of the economics associated with the impact of IT systems on operational and financial performance of the subject company. Analyzed hardware and software requirements for multi-user configurations including WAN/LAN and internet connectivity.

Engaged in various IP projects involving consumer products ranging from consumer electronics and food to pet and recreational products. Pet industry work has involved valuation and licensing of IP related to food additives, pet accessories and hygenic products.

Performed extensive studies in the computer hardware and peripheral sector, including components. Analyzed trends in prices, volume and market share of PC manufacturers and related components including integrated circuits, chip sets, mother boards, etc.

Involved in a variety of projects relating to the chemical industry including processes, formulation, and compounds. Work included evaluation of lost profits and reasonable royalties, and industry licensing practices. Negotiated licenses and performed valuations relating to chemical processes compounds and formulations.

Performed numerous analyses regarding valuation and licensing of trade secrets technology, as well as impact on antitrust licensing guidelines.

Performed studies relating to product liability issues related to electronics components, consumer electronics products and consumer and industrial products. Analyzed economic impact of defective products on manufacturers, retailers and consumers. Performed studies related to cost of settlements and design and implementation of such settlements.

**V. Walter Bratic**  
**Page 7**

**Examples of  
Business Experience  
Continued**

Subject Area Expertise:  
Valuations

Performed valuations of various businesses including minority and control blocks of closely held businesses and marketability discounts. These valuations of businesses and assets include manufacturing, distribution, retail and services sectors, but not limited to, the following:

- biotechnology/life sciences
- car/truck dealerships
- distributorships/franchises
- energy
- entertainment
- financial institutions
- high-end and consumer electronics
- holding companies
- hospitals/nursing homes/medical practices and facilities
- income producing properties
- insurance agencies/brokerages
- maritime/admiralty/Jones Act matters
- medical and professional practices
- patents, trademarks, goodwill and copyrights
- resorts/recreational/casinos properties
- restaurants and retail establishments
- software
- transportation
- telecommunications

Additional Subject Area Expertise:

Have been engaged in numerous projects involving the subject areas listed below:

- Audit, Accounting and Financial Reporting
- Alter Ego/Corporate Veil
- Antitrust
- Bankruptcy Proceedings/workouts
- BOD representation/special projects
- Business Interruption/Extra Expense/Betterment
- Compensation Studies
- Environmental and Natural Resources damages
- Fiduciary Duty
- Fraud/White Collar Crime
- Personal Injury/Wrongful Termination/Wrongful Death
- Lender Liability
- Leasing
- Lost Profits
- Securities Matters
